# CUSTOMIZED 401K & PENSION PLANS

Robert Penafiel, principal of Pension Services, Inc has one mission in mind:

To design customized qualified retirement plans for employers seeking the highest tax deductions and asset protection.

Contrary to most payroll and mutual fund 401(k) plans, at PSI we are committed to offering a full array of customized plan designs that meet the employer's needs. Our designs focus on employee demographics and the type of employers (i.e. C Corps, S Corps, Partnerships or Single-Member LLCs among others). We can offer different formulas to maximize tax deductions for each owner, we can convert employee benefit plans to employer benefit plans. We evaluate all IRS tax codes in our designs, which seek to benefit key employees and owners.

## WHAT WE DO AND HOW WE STAND ALONE IN OUR INDUSTRY

- All our 401(k)/pension plans are customized for each employer;
- We use our proprietary software that enables us to design plans not found in the industry;
- We maximize retirement benefits for owners and key employees;
- We maximize tax deductions;
- We increase asset protection for owners;
- We employ qualified retirement personnel such as attorneys, enrolled actuaries, QKAs, QPA, EA, MAAA, MSPA, CEBS, CPC
