Coming Together to Help Children Through Planned Giving

Providing children with a healthy future is a priority at Miami Children's Health Foundation. We are committed to advancing pediatric medicine through research and innovation, providing specialty care to more children and families, and offering hope and healing to children needing complex medical care. There are many ways to support us in this effort, and planned giving is a perfect solution.

The Campaign for Miami Children's

We understand that gifts to charities such as Miami Children's Health Foundation can be an important part of your clients' overall financial and estate plans. That's why we're committed to working with you to ensure your clients find the charitable arrangements to best meet their needs. Charitable planning is a process ideally involving their professional advisors and our gift planning staff—all working together for the benefit of the children.

To find out more about our planned giving options please contact
